

I'm writing to you regarding the future of K-LOVE radio in my area. I live in a rural area which is served by a translator in our community of 8000 year round residents, which swells to 50,000 to 60,000 visitors each summer and fall. K-LOVE is well listened to in our area by people from all different backgrounds. If K-LOVE were displaced by an LPFM broadcaster, it would have a very negative affect on our community as well as on my life personally. I strongly believe K-LOVE is in the best possible public interest in our community because it promotes family values, and you don't need to worry about whether your kids are going to hear something that isn't appropriate. It is the most encouraging radio station I have ever listened to in my life. Thank you very much for your consideration to this matter.
